SKILLS

Languages: Java (intermediate), Python (intermediate), R (novice)

Technology: Spring, MySQL, Thymeleaf, Jinja, Flask

PROJECTS

Philosophy conference website (in progress): application for philosophers to post and view philosophy conferences.

Similar to [PhilEvents](#), but with more explicit and easy-to-find information about each conference.

Java, Spring, Thymeleaf, MySQL

Live logic studio (in progress): application for formal logic derivations in sentential logic.

After typing in premises of an argument and any desired inference using particular lines, the program automatically makes that inference.

Java, Spring, Thymeleaf, MySQL

WORK EXPERIENCE

Graduate Fellowship at Washington University in St. Louis. Fall 2015 – Present.

Coursework (philosophy, also psychology and neuroscience), research (papers, presentations), teaching assistant (philosophy courses), service (hiring committees, organizing conferences and prospective student visits).

Instructor for Introduction to Logic. University College at WUSTL. Summer 2017.

EDUCATION

Ph.D. in Philosophy-Neuroscience-Psychology (empirically-oriented philosophy program). WUSTL. Fall 2015 – Present.

M.A. in Philosophy-Neuroscience-Psychology. WUSTL. Received Fall 2017.

LC101 (programming course in Java and Python). LaunchCode. Fall 2017.

B.A. in Psychology (double-majored in Philosophy). Northern Michigan University. Fall 2011 – Spring 2015.
